1 Pursuant to Fed. R. Civ. P. 41(a)(1)(ii), Plaintiff MICHAEL C. HOPKINS
2 ("Hopkins") and Defendant ANALOG DEVICES, INC. ("ADI") (collectively,
3 "the Parties") hereby stipulate and agree to dismiss the above-captioned action on
4 the following terms and conditions:

5 1. ADI shall pay Hopkins a one-time lump-sum amount of \$6,500.00
6 (Six Thousand Five Hundred Dollars). In consideration therefor, Hopkins hereby
7 stipulates to dismissal of the present lawsuit WITH PREJUDICE.

8 2. Hopkins further grants a worldwide, irrevocable, non-terminable
9 covenant not to sue for infringement of U.S. Patent No. 6,930,627 ("the '627
10 Patent") or any "Related Patents."¹ This covenant not to sue extends to the
11 accused product in this lawsuit (the AD9956 product) and to any other ADI
12 product that has been offered for sale or shipped as of July 17, 2007 (the date of
13 mutual execution by the Parties of this Stipulation).

14 3. In addition to the foregoing, Hopkins hereby represents and warrants
15 that there are no Related Patents in existence, and that U.S. Patent Application No.
16 11/139,962 is not pending in the U.S. Patent and Trademark Office.

17 4. ADI agrees not to initiate a lawsuit against Hopkins in the future with
18 respect to the '627 Patent, while reserving all rights to assert defenses and
19 counterclaims in any future legal action filed by Hopkins against ADI. ADI
20 hereby dismisses its counterclaims in this action WITHOUT PREJUDICE.

21
22
23 ¹ As used herein, the term "Related Patents" means all patents or patent
24 applications related to U.S. Patent No. 6,930,627 and/or U.S. Patent Application
25 No. 10/785,609 ("the '609 Application"), including all continuation, continuation-
26 in-part, divisional, reissue, reexamination and substitution patents and patent
27 applications relating to the '627 Patent and/or the '609 Application, all foreign
28 counterparts, equivalents and extensions of any of the foregoing, and all patents
that issue on any of the foregoing referenced patent applications. The term
"Related Patents" is defined to include any U.S. or foreign patent or application
that claims priority to the '609 Application.

1 5. Hopkins agrees that if and only if Hopkins has a good faith basis for
2 believing that future ADI products infringe the '627 Patent, Hopkins is free to file a
3 legal action alleging infringement by ADI. In any such future legal action,
4 Hopkins agrees that he is precluded from alleging that the AD9956 product or any
5 presently shipping ADI product infringes the '627 Patent or any Related Patent.
6 Hopkins agrees that any future legal action that he may file against ADI for patent
7 infringement must be accompanied by claim charts that map each asserted claim to
8 each accused product on a limitation by limitation basis.

9 6. Hopkins agrees to submit any future legal action against ADI
10 involving or related to the '627 Patent or any Related Patent to binding arbitration
11 administered by the American Arbitration Association under its Commercial
12 Arbitration Rules, and the Parties agree that judgment on any award may be
13 entered by a court of competent jurisdiction.

14 7. Hopkins and ADI agree to each bear their own respective costs and
15 attorneys' fees. Hopkins acknowledges that he has had an opportunity to consult
16 with an attorney before executing this Stipulation.

17 8. The Parties agree that this Court shall retain jurisdiction over this
18 action for purposes of enforcing this Stipulation.
